**NOTES:**

\* In case regular matt lamination is included for cover, please note that it is more vulnerable to scratches and scuffs during delivery process.

By default, products are packed directly in corrugated cardboard boxes. However, shrink-wrapping per copy is highly advised for products with more vulnerable cover / outside finishing (for ex. cloth bound / paper bound cover without lamination, hot-foiled cover, gilded edges, etc.). Please check your quote specifications above to see if it is included and inform your project manager about your preference. Extra costs for shrink-wrapping are 0,13 eur / copy.

Prices are valid for 14 days.

Prices are calculated including approval only soft-proofs (PDF proofs) and delivery costs to one address under condition DAP Incoterms 2010 (door-to-door; import customs duties / brokerage fees not included in the price).

Prices are calculated excluding VAT.

Prices are subject to change after receiving PDF files.

Quantity deviation may be +/-5% of total quantity. Please contact your account manager if such deviation is not acceptable. Deliveries to extended/ remote areas and islands are not included.
